

# Welcome to Regression Lab!

## Acknowledgements

A big thank to [Zihuan Cao](#) and [Jay Plourde](#) for providing some of the code and examples used in these slides 🙏

## Instructions

- To open Lab presentations, simply click on the ellipses!
- The full Github repository can be found [here](#). If you click on **code** and **download as zip** to download all files and view the slides without internet (extract all files, go to **slide files** folder and click on the **.html** file of a Lab).
- Raw Lab code can (**.Rmd** files) be found [here](#). Lab activities with answers can be found [here](#).
- To download the **PDF** version of a presentation, Press the **E** key and then press **CTRL/CMD + P** 🖨️
- Find out more about slides in Quarto using Revealjs [here](#)!
