

Welcome to Regression Lab!

Acknowledgements

A big thank to [Zihuan Cao](#) and [Jay Plourde](#) for providing some of the code and examples used in these slides 🙏

Instructions

- To view the desired lab presentation, simply click on the ellipses!
- The full Github repository can be found [here](#). If you click on **code** and **download as zip** you can download all files and view the slides without internet (extract all files, go to **slide files** and click on the **.html** file corresponding to the desired lab).
- Raw lab code can (.Rmd files) be found [here](#). Lab activities with answers can be found [here](#).
- To download the **PDF** version of a presentation, Press the **E** key and then press **CTRL/CMD + P** 🖨️
- See [here](#) to find out more about slides in Quarto using Revealjs
